Apology for missing class on 26 July

Dear sir ,
I hope you're doing well
I'm writing this email to sincerely apologize for not attending the class on 26 July.
Due to a personal reason . I was unable to join the class . I understand that attendance and regular practice are
important for the course. I will go through the recorded session and the shared code to catch up.

Thank you for your understanding.

Best regards,
Abhay Kalal
